

## Making Plastic Surgery in Seattle More Affordable (Limited Time Offer)

Dr. Alisa Rekow is at this time offering the following opportunity to persons seeking breast augmentation (breast implants), breast lift and abdominoplasty:

We will now schedule procedures with partial payment of the fees paid at the time of your procedure and carry (through the office – so there is no “ding” to your credit score) the remaining balance. That balance would be paid off over the eighteen months following your procedure. There would be no interest charged on the outstanding balance. The following pages provide the detailed options available for the various procedures.

e.g.

“Basic” Breast Augmentation utilizing saline implants:

Cost of procedure (inclusive of surgeon’s fees, facility fees, anesthetic fees and routine pre and post operative care): \$5500.00

Due pre operatively: \$3900.00

(16 Payments by Automatic Visa or Mastercard credit card billing)

Alternatively for those individuals who can make full payment at the time of the procedure we are offering a 5% reduction in fees for credit card payments and 7.5% reduction in fees for payment by check. (Sorry but we do not handle cash in the office).
